

**1986**

Bill Chapman, then Chair of the ASHRAE Technical Committee, co-founds ASI Controls

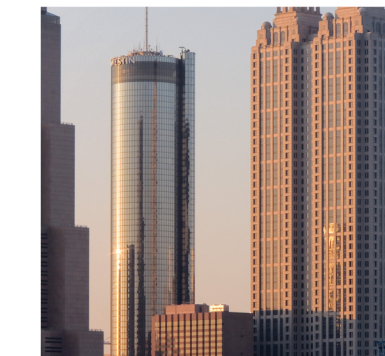

**1987**

Introduced world's first digital VAV controller at the ASHRAE AHR Expo

**1991**

BOMA Large Building of the Year Award for 191 Peachtree Tower (Atlanta, USA). More than 1,800 VAV controllers installed

**1992**

ASI installed in first phase of Canary Wharf complex in London

**1994**

BOMA Large Building of the Year Award for Figueroa at Wilshire Building (Los Angeles, USA)

**1995**

ASIC/2 freely-programmable controllers for large equipment and network supervision released

**1998**

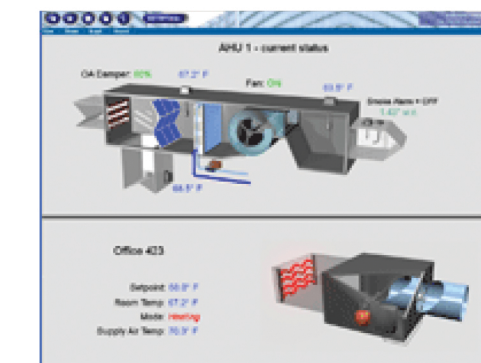

BOMA Large Building of the Year Award for 191 Peachtree Tower (Atlanta, USA)

**1999**

ASI Controls installed in phase 1 of Nankang Software Park, Taipei City, Taiwan (187,000 sq m.)

**1999**

ASI Weblink, first web-based OPC-client building front-end software released

**2003**

BOMA Large Building of the Year Award for 191 Peachtree Tower (Atlanta, USA)

**2003**

ASI Controls installed in phase 2 of Nankang Software Park in Taipei City (253,000 sq m.)

**2009**

BOMA Large Building of the Year Award for Figueroa at Wilshire Building (Los Angeles, USA)

**2011**

ASIC/3 IP-addressable and native BACnet supervisory controllers released

**2014**

ASI implements 670 kW Open Automated Demand Response solution, largest to date in USA, at Fairplex Expo Center (Los Angeles), with 500,000+ sq ft. of conditioned space

**2016**

Awarded BACnet BTL-ASC certification for ASIC/1 controllers

**2017**

Released ASI IntelliFront, a next-gen mobile responsive building front end

**IntelliFRONT**  
with [IN]™ TECHNOLOGY

**2018**

Awarded BACnet BTL-BBC certification for ASIC/3 supervisory controllers

**2018**

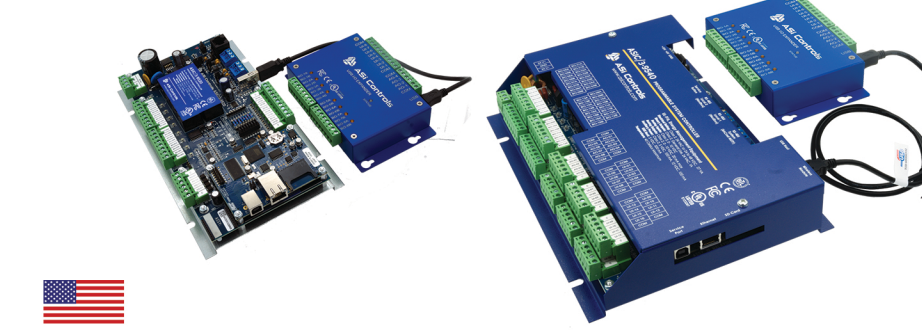

Released ASIC/3-6115 Freely-programmable IP-addressable VAV controller

Made in USA of US and Imported Components

**2018**

Release of USB powered IO expansion module

Made in USA of US and Imported Components

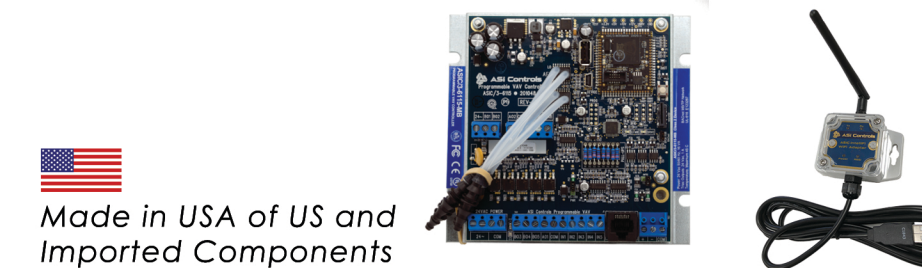

**2019**

Released ASI IntelliTASC for Niagara 4, with air balancing

**IntelliTASC**

**2020**

Released ASI IntelliFi for wireless BACnet networking of ASIC/3 controllers, and release of 6115-DD dual-duct controller

Made in USA of US and Imported Components

**2021**

ASI Controls celebrates 35th anniversary

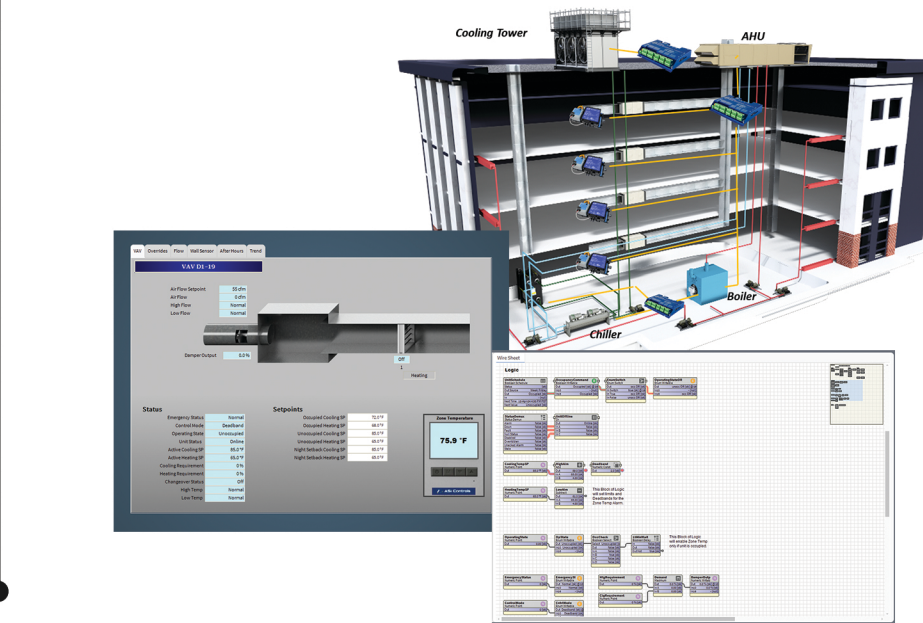

**35**  
ANNIVERSARY

ASI partners with leading Vykon distributors Building Controls & Solutions and Cochrane Supply

powered by  
**niagara**  
framework®

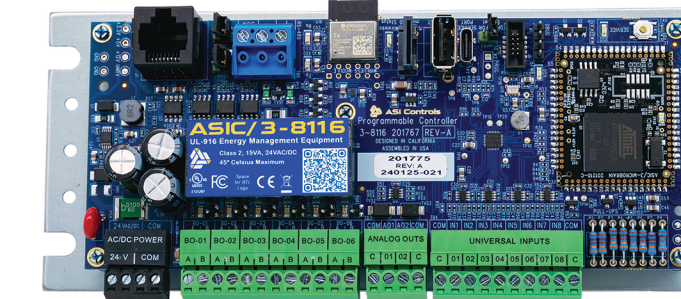

**2023**

IntelliTASC 1.1 released, speeding up deployments with automated graphics, overrides, flow, sensor adjustment, trends and tags!

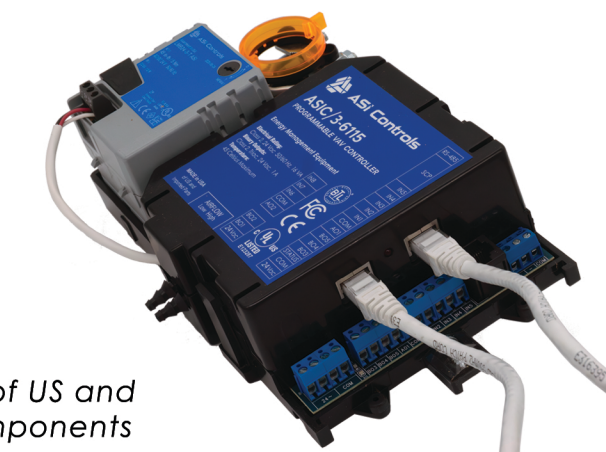

**2024**

3-8116 BACnet building controller released, with 16 I/O points and BLE Bluetooth Low Energy wireless connectivity in a very small footprint

Made in USA of US and Imported Components

New 3-6115-ETH BACnet VAV controller with 2 Ethernet ports, BACnet/IP networking, optional Daisy-chain support

Made in USA of US and Imported Components
